

TAX RATE SETTLED BY COMMON COUNCIL

By Vote of 12 to 0 \$2.00
On \$100 Rate is
Adopted

SAME AS LAST YEAR

Lower Branch Acts on Measure at
Special Meeting Last Night—Has
Been Hanging Fire Long Time.

The tax rate for the city for this year will remain unchanged. This was determined upon at a meeting of common council held last night when that body by a vote of 12 to 0 passed the ordinance fixing two dollars on the \$100 assessed valuation as the tax rate.

It is provided that a discount of five per cent be given on all bills paid by August 1 and a discount of three per cent on all bills paid by September 1. The usual penalty is provided for delinquents.

The tax ordinance has been hanging fire for several weeks. When the matter first was presented in city council, the finance committee recommended a tax rate of \$2.50 on the \$100 assessed valuation. This as a compromise. Opponents to the increase also voted down this measure and finally it was fixed at the same rate as last year.

Those favoring the same assessment contend that the increased taxes will next year take care of the increased operating expenses which now cause a deficit and further, add that many of the taxpayers this year were for permanent improvements.

DISARMAMENT IS SOUGHT

France Will Ask That Term of Armistice be Executed in Full

Paris, April 22.—The Foreign Affairs Committee of the Chamber of Deputies Tuesday unanimously adopted a resolution declaring that the Chamber is resolved to obtain in the interest of the general peace and the establishment of normal relations between all nations, absolute disarmament by Germany.

The resolution invites the government to demand that the disarmament clauses of the peace treaty be strictly and effectively executed.

A CLEAN EXHIBITION

Johnny J. Jones Shows Far Above The Average

Indoor as well as outdoor managers of amusement institutions might well learn a lesson from the Johnny J. Jones Exposition, which is showing this week at Baggett's Field under the auspices of the Elks.

Through both afternoon and night, are breaking attendance records and are praising the nature of the various attractions and riding devices and clean concessions. A few misguided persons looking for girl shows where vulgar dances are sometimes put on have been disappointed and will continue to be, according to Ed R. Salter, who directs the publicity for the exposition.

Johnny J. Jones, wouldn't let a "Hocho" dancer light on his show lot, much less perform, for \$25,000, according to Mr. Salter. It is his purpose to furnish clean, wholesome amusement that one could take his mother, sister, wife or sweetheart to witness and not cause a blush, he says. That it pays to eliminate the lewd and suggestive from all his exhibitions is demonstrated by the fact that the gross receipts of the Jones exposition last season reached a higher figure than all other out-door shows combined.

Mr. Salter, who is a young old theatrical showman, says that theatres supposedly of the highest class would do well to follow Johnny J. Jones' example. He believes fat women who dance with snakes and slither ones who wiggle for the alleged gratification of the populace ought to be relegated to Seneceabin.

FEVERISH SELLING CAUSES QUICK DROP

Sudden Liquidation on New
York Stock Ex-
change

LIST IS DEMORALIZED

Liberty Bonds Reach Lowest Prices
Yet Recorded by Very Heavy Offerings.

New York, April 22.—In a feverish stock market, marked in spots by frantic liquidation by large pools and later by the public, prices tumbled yesterday in late trading on the New York Exchange. The list closed demoralized, with many feature stocks showing losses of from 5 to almost 45 points. In volume and scope the decline far exceeded any similar movement since the early weeks of the year.

Reasons advanced after the close seemed inadequate to account for the panicky disturbance. There was an increasing scarcity of funds in the money market and there was much talk of the Japanese financial situation, but these factors have been present several days.

Sales amounted to 2,250,000 shares more than one-third of the business occurring in the final hour, when the ticker ran some twenty minutes behind business.

A factor of more than sentimental importance was the further severe reaction of Liberty Bonds to lowest prices yet recorded on very heavy offerings.

Chicago, April 22.—Prices crashed heavily downward in the grain market yesterday, even as much as 8 3/4 cents a bushel. Liquidation owing to weakness in the New York Stock Market was the apparent reason. Oats tumbled five cents, Pork dropped \$1.25 a barrel in some cases. Misgivings in regard to the financial situation were associated to a large extent with the stringency in Japan said to be due to over-speculation.

New Orleans, April 22.—Breaks of more than eight dollars a bale came yesterday when the cotton market crumbled under general liquidation of long cotton and aggressive trading for the short account, the latter stimulated by the weather forecast and renewed weakness in the Stock Market.

SUCCESSFUL RECITAL

Miss Wentworth, Mr. Falk and Miss Earlich

An eager and enthusiastic audience of Alexandrians, augmented by a goodly number of Washingtonians, greeted Miss Estelle Wentworth and Mr. Jules Falk in their recital on Tuesday evening at the Young People's Building. Miss Wentworth, from the moment of her appearance, received a royal welcome at the hands of her many old friends, and long before her last number was sung, had admitted every person in the audience forever to that charmed circle. Her wonderfully brilliant and perfectly trained voice showed to great advantage in her first numbers notably in Rummel's Ecstasy. Seldom does one hear such pure quality and beauty of tone. Her diction is perfect, her mezzo voice is marvelous. She is indeed a rare artist. So delighted were her auditors and so insistent their applause, that at the end of the second group of songs the lovely singer was obliged to respond with a charming little encore song.

Jules Falk was cordially received on this, his first appearance, in Alexandria. Entirely unimpaired by affection or mannerisms his work was at times, characterized by dignity and sincerity and the audience frankly liked him. He played with simplicity and ease, "Burleigh's" "Concerts," Tchaikowsky's "Melodie," and the "Indian Lament" of Dvok being especially pleasing.

Miss Malvina Ehrlich played the whole program delightfully, and her one solo number, Schumann's "Papillons," was so enthusiastically received that she gave Kreisler's "Liebfreund" as an encore. Her poise and style are alike admirable and the celebrated Lhevinne may well be proud of his pupil.

Indeed the entire program was especially well selected and balanced and artistically given in all details, not in many a long day has so satisfying a music feast been enjoyed in this city.

Play Tonight

Under Auspices of Alexandria Post, No. 24, American Legion Will Repeat Tomorrow Night

The stage is set for the performance of Katcha-Koo to begin at 8:15 tonight in the Opera House. The doors will open at 7:45, and the curtain is scheduled to rise at 8:15.

A number of local acts will be introduced by the stages.

The program was published Monday, but through an oversight, the names of the Jackies and Belgians, two of the chorus groups, were omitted. They are: Jackies: Misses Isabella Abramson, Louise Thomas, Lucy Simpson, Eva Loeb, Rose Levinson, Jeanette Martin, Mildred Haynes and Mildred Crupper.

Belgians: Misses Mattie Reeves, Edith Bowie, Mary Lee Spellman, Katherine Baumgardner, Mary Davis and Sibby Berman.

In the French girls Miss Katherine Parker has been substituted for Miss Libby Berman, and in "Summies" little Margaret DeVaughan, was listed as Margaret Duval.

The committee in charge is busy today with the final arrangements at the Opera House. Tickets are selling rapidly and those who desire reserved seats, which can be procured at Edgar Warfield, Jr.'s drug store, will do well to procure them immediately.

The April meeting of the State executive committee will be held in the rooms of the Chamber of Commerce, 129 North Fairfax street, on April 29, concurrently with the district meetings of the Seventh and Eighth Congressional Districts, and plans will be formulated for the enlargement of the Legion in these districts.

Members of Alexandria Post, No. 24, will entertain at a dance that evening, at which the delegates will be the guests of honor, and also all adults who participate in the play will be guests at this affair. Patronesses will be members of the Woman's Auxiliary to the local post and those who have assisted the post at all times.

GERMANS BEG FOR STANDING ARMY

Plea Made With Threat to
Allied Nations—Clever
Move

WANTS OLD MACHINE

Believed Another Move in Systematic
Offensive Against Terms of Peace
Treaty.

Paris, April 22.—Germany has asked the inter-Allied Conference at San Remo to increase from 100,000 to 200,000 men the standing army provided for Germany by terms of the Peace Treaty.

The request was contained in a note handed to the French Foreign Office last evening with the demand that it be sent to the Supreme Council at San Remo.

The note set forth an increased force was necessary for maintenance of order in the interior and that, furthermore, the German army would not accept an order for its dissolution.

The note further requests Germany be allowed to retain the entire general staff and corps of officers, which means the entire framework of the active army.

Two other German notes were handed to the Foreign Office at the same time. The first consented to disbandment of the civic guards, as demanded by the Allies. The second note requested the Reichswehr (regular) forces in the neutral zone, should be fixed according to the number of men instead of the number of units, and that Germany be allowed to have eleven batteries of artillery instead of two in the neutral zone.

In French official circles the German requests are considered merely one more move in the systematic offensive against the Treaty. It was pointed out in this connection that if Germany were allowed to retain the General Staff and the corps of officers the German Army would differ from the army of 1914 in nothing but the facility with which the ranks and file could be mobilized, the framework being always in readiness to bring the full fighting strength of the country to bear.

France, it was indicated, still stoutly resists any concessions affecting the strength of the German army.

The bungalow apron movement has reached Alexandria.

Today the progressive merchants of the city are displaying most attractive garments at prices consistent with the wholesale price of materials, and the busy housewives of the city are taking advantage of the reasonable prices in procuring bungalow aprons, following the example of prominent women in Washington, who during the past week started the "Bungalow Apron Movement" to reduce the high cost of clothing.

TO MAKE DIRT FLY CAMPAIGN READY

Clean Up, Paint Up, Dress
Up Week Begins
Saturday

ALL URGED TO ASSIST

Boosters' Committee Donate Part of
Their Funds Toward Hiring Men to
Collect Garbage.

Clean-up, paint-up and dress-up week begins Saturday, April 24 and ends Saturday, May 1.

Final plans for the holding of this big week, which is featured in every city and town in the United States, simultaneously were formulated at a meeting of the Boosters' Committee of the Retail Merchants' Bureau, the health officials and officials of the police department and the rules and regulations of the week will be strictly enforced during the coming week.

All alleys, back yards and houses are to come in on the proposition and a concerted effort will be made to put Alexandria on the map as a healthy habitable city during the seven days of this big campaign.

All merchants of the city are interested in the proposition and together with the clean-up and paint-up movement have inaugurated a dress-up week which means rehabilitation of the person as respecting new spring wearing apparel.

All citizens are urged to get behind the movement and assist in making the first universal clean-up day one to be remembered and to insure the carrying out of its provisions every year.

A special request has been made by the health authorities that the citizens of Alexandria take particular care in the sorting of garbage, having ashes, papers and rubbish in separate cans and in places where they can be collected without waste of time or the part of the men hired to do this work. The Boosters' Committee has donated a portion of the funds in their hands toward hiring men to collect the garbage, and this work will begin promptly Monday morning.

The work will be in charge of the city engineer and the street cleaning department, assisted by the merchants of the city who have donated a number of trucks to be used in hauling away the refuse of the city.

Merchants and residents of the city are requested to get in touch with Dr. J. J. Garvey, of the health department or Engineer E. C. Dunn as to where the rubbish from their premises is to be dumped. Dr. Garvey has been temporarily relieved of his duties with the health department so that he may represent the Chamber of Commerce in the clean-up and paint-up movement.

CURE FOR PROFITEERING

The Chamber of Commerce of the United States, which is to meet in Atlantic City next week, has adopted as its slogan, "Increased Production." In a statement concerning the forthcoming meeting the spokes man of the organization says that the one way to provide the people of the United States with the necessities and comforts of life is to produce more goods, and that the law of supply and demand will continue to work in the future as it has in the past, regardless of any statutes that may be put on the books by the Federal or local governments.

"The basic truth of this assertion," as the Philadelphia Inquirer says, "cannot be denied. It is not novel by any means, but when the cry of increased production is taken up by an organized concern representing more than 1300 commercial and industrial bodies it should have a stimulating effect in every part of the United States. It is a world problem and the preliminary announcement of this gathering truly says that the responsibility lies on all alike." The subject is to be discussed from the viewpoint of the manufacturer, the merchant, the farmer and the worker. If the collective wisdom of these various elements should be the means of pointing out practical means of improving the existing situation, the convention will not have been held in vain.

"As a matter of fact, all of the talk in the world will be useless unless the majority of the people get down to hard work. Laws, debates, and economy clubs may have their uses, but none of them take the place of honest, downright toil. We must reconcile ourselves to the fact that the war meant waste and loss in both lives and material. To recover it was necessary that we should work harder than we did before the beginning of hostilities. Have we done this? Not at all. On the contrary, with the signing of the armistice there was general relaxation. This was perfectly natural, but the results have been disastrous, and until this is realized there is not much hope of improvement.

"We need a campaign of education along these lines, and if the gathering at Atlantic City should be the means of starting such a movement it would be a blessing to the country."

ILL-STARRED DIAMOND

A periodical known as "The Watch on the Rhine" contains a story as interesting as Wilkie Collins' novel, "The Moonstone." According to this publication, an ill-starred diamond which last shone as central gem in the crown of Prussia, is now credited with having been a factor in bringing about the ruin of the Hohenzollern dynasty. It is known as the "Blaze of Glory."

According to the tale about it, the diamond was given by King Solomon to the Queen of Sheba, having been plucked by him from his turban for her adornment. Curious carvings on two sides of it are supposed to be heraldic tokens of the two ancient lovers. Tales of the gem were carried into Persia, where they excited the greed of the nomadic King El-Hakim II, who robbed the Queen of Sheba's grave to secure it for himself. Within two weeks thereafter he was slain in his palace, and thereafter, through the centuries, rulers and princes who acquired the gem came to grief.

The Margrave of Brandenburg, whose house started the Prussian dynasty, found the gem on a Jewish merchant in one of the Margrave's raid into Silesia, and seized it, declaring that he would place it in the crown of a great kingdom he was to establish. The merchant was instantly slain when he ventured to remind the captor of the evil influence of the diamond. It seems to have been handed down the Prussian line until finally it reached the one-time Emperor now in retreat in Holland.

It is said that Herr Zunkelhorn, a learned antiquary, who had learned the fabled history of the gem and

who in some way had forecast that ruin would come to its owner between the years 1918 and 1922, implored the young Emperor to rid himself of it before his coronation, and that to this entreaty William replied:

"You must understand that I am crowned by the Spirit of God and the will of my people. The Hohenzollerns must endure forever. No curse of evil can harm our dynasty."

So he kept the gem in his crown and tradition seems to have justified itself.

POTATOES FROM DENMARK

Denmark for many years has furnished much of the butter used in England, but as the Danes are neighbors of our mother country, this may be expected. But that people in the United States, several thousand miles away, are to eat potatoes grown in Denmark was something unforeseen.

Potatoes, until yesterday higher in price than ever before in their history, became a little cheaper in Baltimore in the afternoon. They dropped to 7 and 8 cents a pound, and barrels of new potatoes which were selling at \$20 on Tuesday, were quoted at \$17.

Ships are coming in from Denmark loaded with potatoes. Three cargoes of 15,000 sacks were reported to have arrived in Chicago from Copenhagen, and more had reached New York. Some of those in New York will eventually reach Baltimore, Washington, and probably Alexandria, so that dinner tables, in the heart of one of the most fertile sections in the union, will shortly be furnished with potatoes from Denmark.

COST OF STRIKES

The "latest series of strikes" mounting to an "epidemic" have one infinitely more than profiteering to raise commodity prices and the cost of living. Francis H. Sisson, New York banker, declared in an address at the annual banquet of the National Wholesale Men's Furnishings Association in New York City.

The railroad strike has cost the roads \$3,000,000 a day and occasioned great damage to the general financial and industrial situation, Mr. Sisson asserted, adding that an incomplete list of direct losses from strikes in 1919 placed the cost to labor alone at nearly \$725,000,000, and to industry at more than \$1,250,000,000.

PROHIBITION FIGHT

State Democratic Convention Stage For Bitter Contest

Lynchburg, April 22.—Reports from different sections of Virginia of the action of city and county Democratic conventions on the prohibition question have given rise to belief that here is a probability that the State Democratic convention at Roanoke, May, 19, will be the stage for a bitter fight over the question.

That there are those within the Democratic party in Virginia who will attempt to precipitate a contest long that line there is no doubt, but that they will be successful is not so certain. In the first place their number and influence is not as great as credited in some quarters and in the second place the party leaders are opposed to raising the issue. Their efforts, it is believed, will be in the direction of choking off any and all attempts to place the convention on record.

The strategy of the leaders is simple. Irrespective of their views as to whether the Democratic national platform would be "dry," "wet" or "damp" they deem it unwise to have the State convention go on record on the question in advance of the meeting of the national convention. Moreover, they know that Virginia is a prohibition State and that however desirous a strong minority may be for "liberalizing" the Volstead act the sentiment against the saloon and against the sale of "hard liquors" is overwhelming.

They do not want the prohibition issue raised in Virginia and they may be counted upon to do their best to see that it is not raised, especially as the Republicans, in their State convention, have already dodged the question. They hope to accomplish the same result.

Even some of those commonly regarded as liberal in their views and charged by the radical prohibitionists with being "wet" are not favorable to action by the Roanoke convention. Governor Davis, who opposed statewide prohibition in 1918 and whose nomination for governor was so bitterly fought by the Anti-Saloon League, is known to frown upon any such proposal. Some of his friends and supporters take the same view.

On the other hand, the prohibitionists themselves may undertake to secure the adoption of resolutions bearing on the question and may seek to place Virginia Democrats on record as opposed to any tinkering with the Vol-

stead act and as looking with strong favor on any move toward legalizing the sale of light wines and beer. In that event both factions may go to the mat on the prohibition question.

TORNADO DEAD 200

Relief Rushed to Homeless Thousands In Southern Storm Area

Memphis, Tenn., April 22.—Two hundred persons were killed and millions of dollars in damage done to houses and buildings by two tornadoes which Tuesday swept eastern Mississippi, northern Alabama and the southern portion of Tennessee. Mesage reports from a score of towns today told of a path of destruction left by the storms, with hundreds injured and thousands homeless.

Meridian, Miss., reported 15 dead; Aberdeen, Miss., 21; Maudlin, Miss., 19; Philadelphia, Miss., 16; Tall Springs, 6; Huntsville, Ala., 10; Guin, Miss., 27; Laurel, Miss., 15; Bay Spring, Miss., 7; and Starkville, Miss., 3.

Northwestern Arkansas reports 21 dead and many injured, while Birmingham, Ala., reports 52 dead and several hundred injured in northern Alabama.

RESULT OF PRIMARIES

Features of Tuesday's primaries in Nebraska and Georgia were: Senator Hiram W. Johnson swept Nebraska. Johnson's victory nets him sixteen more votes at the Chicago convention.

Late returns from rural districts indicated that William J. Bryan will go to the Democratic national convention as one of Nebraska's delegates at large. Early reports, from city precincts, showed him a loser.

In Georgia, Attorney General A. Mitchell Palmer, who upheld the President in his treaty views, received more votes as Democratic Presidential nominee than his opponents. Palmer did not get a majority of votes cast, and cannot claim the support of Georgia's delegation to San Francisco. A State convention will be held shortly, at which efforts will be made to break the deadlock.

WOMEN ROUT EMPLOYEES

Belleville, N. J., April 21.—Women armed with baseball bats routed railway employees in a sidewalk squabble here yesterday.

For years residents of a neighborhood near the Erie tracks have tried to get a walk over a grade crossing. Last Saturday, taking advantage of suspended traffic because of the strike, they put down the walk themselves.

When railway men tried to tear up the walk the women sat on it. Twenty policemen were called. They refused to attempt to move the women.

Finally a handcar knocked one woman from the walk. Then the bats appeared and the railway men fled.

CLASH AT BUTTE

Butte, Mont., April 22.—Fourteen men, believed to be Industrial Workers of the World strike pickets, and 1 policeman are in hospitals suffering from gunshot wounds sustained in a clash on Anaconda road near the Nevadawest mine late yesterday. Physicians believe two of the I. W. W.'s will die.

VIRGINIA NEWS

Donnan Perkins, deputy treasurer of Dinwiddie county, was instantly killed yesterday afternoon at Quaker Crossing about 7 miles from Petersburg. He was in an automobile, which was struck by a Seaboard Air-Line locomotive.

Because his step son in law, J. V. Leadford, of Pulaski, refused to drive from his home his mother in law, Mrs. Hypes, whom John Hypes in a drunken frenzy, had driven from his home, Hypes emptied an old pistol at Leadford, but missed his mark. Leadford turned into his house at: got a gun and shot Hypes about the face with small shot, but without serious results. Hypes is in jail pending a preliminary hearing.

Charles A. Crawford was elected Grand Regent at the Grand Council of the Royal Arcanum of Virginia, held Tuesday night in the Murphy's Hotel, Richmond. C. C. Page was elected vice grand regent; James B. Blanks, Petersburg, grand secretary; J. L. Beck, grand treasurer; J. H. B. Peay, grand orator; H. A. Allen, Jr., Lynchburg, past grand regent; G. M. Milliken, Roanoke, grand chaplain; R. E. L. Hargrove, Petersburg, grand guide; O. L. Stearnes, Salem, grand warden; J. J. Dalton,

of Norfolk, grand squire, and W. Floyd Reams, supreme representative.

The seventh annual session of the Grand Council of the Order of Fraternal Americans began at Murphy's Hotel, Richmond, Tuesday morning, with a large attendance. Mayor Ainslie welcomed the delegates. E. C. Barrett, of Richmond, presided. James L. Wilmeth, director of the Bureau of Engraving and Printing of Washington, responded to the Mayor's address. Among the officers who answered to their names were: Past State President Fred W. Ebbard, No. 5; and State Secretary James R. Mansfield, No. 5; and State Treasurer John H. Trimyer, No. 5, of Alexandria.

Whether a deputy sheriff is an employee of the State of Virginia or any political subdivision thereof, now confronts the Industrial Commission of Virginia. The question arises in the case of Deputy Sheriff Percy L. Cofer, of the County of Isle of Wight, which will be decided by the commission at Smithfield soon. In a duel with White Eagle, an Indian, the deputy sheriff was wounded and the Indian was killed. The deputy now claims compensation for his injuries under the workmen's compensation act.

A. L. Mutter of Saltville, was drowned near Berryville, when a

Dodge touring car in which he was riding ran off of a bridge, pinning him under about two feet of water. His brother, William Mutter, who was with him at the time, managed to escape with no injury.

Four men have been arrested at Woodstock suspected by county authorities of four thefts within the past week. They are Pete Healey and his three brothers in law, George, Jonas and John Romack. Thieves Tuesday morning entered the home of C. M. Hite, took a flash light from a dresser drawer and then looted Hite's trousers pockets of \$1,000 while he slept. A revolver, left on a table, led to the arrest of Healey. Two dozen pair of overalls and \$200 were stolen from the store of Samuel Hisey. The store of H. J. Higgs was looted of a small amount of money. Several parcels were stolen from the Woodstock freight depot.

Mrs. J. W. Durham, the only woman speaker on the program at the mass meeting of Richmond citizens protesting against the high cost of clothes, presented a lesson in practical economy. She appeared in a gingham dress which she told the audience cost her only \$2.20. She bought the cloth and made the garment herself, using collars and cuffs from an old dress. Governor Davis

and other State officials were among the speakers.

ROB POSTOFFICE SAFE

Thieves Blew Open Vault at Huntingdon in Attempt to Get Money

Huntingdon, Pa., April 21.—Guessing correctly that the pay roll of the silk workers at the Huntingdon Specialty plant was in the vault of the Federal Building here under the care of the postoffice authorities, robbers broke into the building after midnight Monday night, by jimmying a back window, blew open the outer and inner doors of the vault and escaped with a large quantity of money, war stamps and revenue stamps. However, they failed to open the safe containing the silk workers' wages and the latter, amounting to \$20,000, was distributed to the employees today.

A brown motor car containing strangers, which was noticed in Huntingdon yesterday, is believed, to be the vehicle which brought the thieves to town and out again. It is being sought.

Hood Prices, being based absolutely on actual costs of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service — greatest average mileage actually delivered at lowest cost per mile — remains unshaken by unsettled conditions which are tending to confront and confuse both tire dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. We sell not pull down our standard — it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be — as in the past — THE standard by which real tire value can be safely judged, for to-day the price of a tire is the only true representation of comparative value — guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY our, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

Less Than a Nickel a Week

This is all that Swift & Company's profit cost the average American family in 1919.

Here are the figures and authorities for them.

The average consumption of meat per person for a year is about 180 pounds (U. S. Government).

The average American family is 4 1/2 persons (U. S. Census).

Swift & Company's profit from all sources in 1919 averaged less than 1/4 cent per pound on all products including meat.

This averages for the family less than the price of—

- 1 cigar per week for father, or
- 1 street car fare per week for mother, or
- 1 package of gum per week for the children.

The complex service which we furnish the public is efficient and economical. The cost to the public in the shape of profit is too small to be noticeable in the family meat bill.

JAPS IN SIBERIA

Given Free Hand, Nipponese Cause Anxiety in Capitals

London, April 22.—Japan has declared war on Soviet Russia, and America has given Japan a free hand in Siberia, says a dispatch from Harbin to the Daily Herald.

Washington, April 22.—The Japanese Embassy here has no information confirmatory of the above dispatch. Embassy officials, moreover, declared that it was manifestly untrue and merely anti-Japanese propaganda.

On the other hand, Moscow, from the beginning, regarded Japan's occupation of Vladivostok as a virtual declaration of war against Soviet Russia.

Administration circles on their part deny that America has or will agree to Japan's "free hand in Siberia." It is no secret that certain sections of American officialdom believe that Japan hopes to retain a large slice of Siberia.

Neutral diplomatic circles here said that Japan possibly was attempting a diplomatic gesture against the Anglo-Italian effort to recognize Soviet Russia.

Ferguson, president of the Baltimore Federation of Labor, part owner in a printing establishment in Baltimore, who was refused a seat in this convention.

GOOD WILL ONLY DIVIDENDS FROM SALVATION STORE

A RELIEF SUPPLY DEPOT

No; the Salvation Army has not gone into the wholesale grocery business. The picture shows merely one of the Army's relief stations. It is just like scores of others scattered through the cities and towns of the country at strategic points where quick relief can be given in emergency cases.

Not limited in their stock to groceries only, these Salvation Army relief depots carry clothing, underwear and other necessities for men, women and children. It is the aim to have at hand for immediate distribution food and clothing for any kind of a case of need. More than 700,000 persons were served temporary relief from these stations last year.

And Salvation Army relief depots are systematic as well as sensible. The industrial department gears neatly with the relief department. In the industrial homes the broken down

It is a 50-50 proposition, for the down-and-outers are reviving their faith in themselves and in God at the same time they are repairing their own and other articles. COAL, LUMBER AND BUILDING MATERIALS

EXAMINE OUR GRADES WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade, at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

Republicans Take Notice!

The Republican Committee of Alexandria urge upon you the great importance of qualifying yourself to vote in the next presidential election and desire to call your attention to the fact that under the laws of Virginia you cannot vote unless you have paid your poll taxes for the years 1917, 1918 and 1919, PRIOR TO MAY 1, 1920. If you have paid your taxes for the years 1917 and 1918 you will have only to pay for the year 1919, but the poll taxes for the three years mentioned must be paid before May 1, 1920.

It is suggested and urged, that you call immediately on the City Treasurer, and the Clerk of the Court and investigate your status as a voter.

If you have not been assessed, go at once to the City Commissioner of Revenue and request assessment, pay your poll tax and then register in the precinct in which you live.

Please make inquiries among your republican friends and send to the Committee promptly the names and addresses of such of them as have not qualified to vote.

Remember that only those who pay can vote. Swearing at the law will not get your name on the Treasurer's list and registration books. Attend to this at once.
